Section A – Assignment of Copyright

We, the undersigned Authors, transfer ownership of our rights as authors to the *Studies in Informatics and Control* – ISSN 1220-1766 – in the event that our joint paper titled

.....

is accepted for publication in this journal.

We, the undersigned Authors, assume the responsibility by signing the present Copyright Transfer Statement to provide the mentioned article to the Publisher and to confer to *SIC* an immutable exclusive license to publish the article in both electronic and print format, and further sublicense the mentioned article in its original language everywhere in the world.

The Publisher shall be designated to use the right of repository of the article, its registration on a computer or on any electronic data medium, the right to print, publish, copy, disseminate and market the article in optional form of printing and on any on-line and off-line data medium.

Section B – Warranties, disclosure of conflicts of interest and other commitments of the Author(s)

We, the undersigned Authors, hereby declare and guarantee the following:

- We are the exclusive authors of the article and we have not granted any (non)-exclusive right to the Article to any third party prior to the execution of the present Copyright Transfer Statement;
- The article we have submitted to the journal for review is **original**, is our intellectual product, has been written by the stated authors and has not been published elsewhere in any form;
- The article is not currently considered for publication by any other journal and will not be submitted for such review and does not infringe any existing copyright or any other third party rights while under review by this journal;
- The publication of this paper in its current form is **approved** by **all** undersigned **(co)authors** and tacitly or explicitly by the responsible authorities where the work was carried out and no modification of the authorship will be made afterwards;
- We have understood that reproduction or **redundant publication** of the paper either in print copy or electronically, such as on the Internet, **is not permitted**. No content published by *SIC* (either in print or electronically) may be stored or presented on another private site, organization's site, or displayed or reproduced by any other means. However, we may include a link on our own web sites to the official web site of this journal with your permission, but we or the institutions we are currently affiliated to, may not host any previously published material by *SIC* on any other website. We shall accept to indicate the exact location where our accepted paper was published in *SIC*;
- The article contains no libellous, obscene or other unlawful statements and does not contain any materials that violate any copyrights or the personal or proprietary rights of any other person, entity or a third party;
- We are committed not to be involved in any potential conflict of interest associated with *SIC* or with our contribution to the journal;
- We have obtained written permission from copyright owners for any excerpts from copyrighted works that are included and have credited the sources in our article accordingly;
- We also understand that, for the exclusive transfer of the author's rights, no royalty (or any other fee) shall be claimed if our above-mentioned article is accepted for publication.
